Summer 2023

SC039619

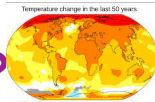

Many, especially young folk,
feel a shortage of

Hope

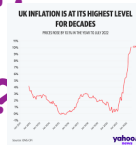

more epidemics?

climate change?

global conflict?

financial uncertainty?

In response Street pastors seek to **listen, help and care.**

Many feel uncertain and insecure in a meaningless world.

Street Pastors seek to show and share the unchanging love of Jesus to Whom each person is valuable. He offers

living hope

If anyone would like to find out more, to go out as an observer, think about becoming a Street Pastor, or have someone to speak on Street Pastors, please get in touch with

perth@schoolpastors.org.uk

At a time when many congregations are struggling, Street Pastors is a way of ...

... bringing together Christians of all denominations

...training Christians to show and share the love of Jesus

... resourcing congregations

...depending on God operationally in prayer.

In addition to the traditional late night shifts, there are now early evening shifts, and opportunities as school pastors in some secondaries.

Street Pastor Sunday : 8 Oct
